THE TRAITORS! CONVENTION AT NASHVELLE-THE HORAL.

Now that the clouds of defeat and disaster of temporarily gathering about us, we must expect many meak-kneed and timid adherents of our land of the government of the pale with apprehension at the final result, and go over, like their predecessors, the stampede to the enemy. A trial such as that through which we are passing in this war, is the true and only sure test of one's loyalty. It sepgrates the chalf from the wheat-the dress from the gold, and leaves no middle ground for the victor. In fine it charpens the line of demarks. tion between the only two parties under our gov-

If these two nations would willingly note the decadence of power in the United States, drank quantities of warm water, for the purpose cankers, from paying out Confederate notes to the enemy for sometime to come. For us the both from hostility to our form of government it is said, of assisting digestion. At the description is a said of assisting digestion. their depositors and creditors. The first named rain has been opportune, as the accidental show- and through jealousy at its supremacy on this the chief ambassador proposed the health of the institutions are directed to pay out only the bills ors which had previously failen had scarcely that their movement towards intervention would be more likely than the previously failen had scarcely that their movement towards intervention would be more likely than the previously failen had scarcely that their movement towards intervention would be more likely than the previously failen had scarcely that their movement towards intervention would be more likely than the previously failen had scarcely that their movement towards intervention would be more likely than the previously failen had scarcely that their movement towards intervention would be more likely than the previously failen had scarcely that their movement towards intervention would be more likely than the previously failen had scarcely that their movement towards intervention would be more likely than the previously failen had scarcely that their movement towards intervention would be more likely than the previously failen had scarcely that their movement towards intervention would be more likely than the previously failen had scarcely that their movement towards intervention would be more likely than the previously failen had scarcely that their movement towards intervention would be more likely than the previously failen had scarcely that their movement towards intervention would be more likely than the previously failen had scarcely that the previously failen had scarcely the previously failen had scarcely the previously failen had scarcely failen had sc of the bank, United States treasury notes, sufficed to keep the creeks and branches suffi- be inversely with the prespects of success to were presented with fans and beautiful little gold, or silver; the Savings' banks only gold, ciently supplied for our horses. Now we have the rebellion. If the implant be perfected on Japanese pipes. The entertainment was kept much supplied for our horses. silver, or United States treasury notes, current an abundance. In many places, indeed, as I this side of the Atlantic, and, without interfer-The Galena was riddled by shot from the rebel batteries. Eighteen went through her bills of city banks, or their own bills, to an rode through the rebels maintain themselves whole time the members of the embassy conwicing and drinking liquors of differ their attemps as a successful revolution, the two ent kinds. In place of pocket handkerchiefs lar, which they are authorized to issue, and for wells throughout the encampment, has also re-

tra y notwithstanding, and are authorized to re-ceive Confederate notes for any of their bills till only its inactivity, from which the late advance.

And when that prespect is diminished in the ceive Confederate notes for any of their bills till only its inactivity, from which the late advance light of Federal victories, and gathers darkness movement upon the enemy's lines has been a from events made up of Federal advances and rebel evacuations, nothing would be more natural than that the scheme of interventian should Of the enemy we hear but little, except that be revived with new force. There have been as a procuress and general dealer in houses of ver, United States treasury notes, or curent bills they continue their reconnoissances and pursuit fresh reasons devolved from this war why Euroof city banks, under penalty of confiscation of after knowledge as near as possible in front, but pean despotisms should dread a recuperation of our national unity and power. If they hated us before, as the exponents before the world of a government by the people, that dislike is intensi- whose business was to supply her houses with a round their necks, apparently turned, like ned by the proofs that we are able to defend Nebuchadnezza, out to "grass." They would those principles against all the old despotisms. Before this new age of ours, we were at peace FOR RED RIVER.—Judging from the quanter for sometime, and with considerable success, and this, while European nations were value and won our prominence by the arts of peace, for it is said that these same cow-bells have been glorious in arms and in war preparations. Their fleets and armies stood numerically as a reproach to our own.

A nation of shopkespers or agriculturists, skilled in clipper ships, and cuoning in inventions and money-making, the reputation we thus won was illustrious, but scarcely so awe-inspir ing as that now freshly derived from the deve opments of the war for the Union. The Federal armies are immense, and that without a single fresh from the loom and the plough. American invention, under the spur of this struggle, has turned a new page in naval history, closing the fresh reasons why intervention should not be post poned until no presext can be made for its exer-cise, and until it will be too late to aid the rebels

These foreign nations are too sugacious not to knows it and the coming few weeks will, from people on this side the Atlantic, we are alike pre- erate privateer had made its appearance in the pared for what events the intere may have in China sea, and was on the lookout for American store, and if the struggle for our national ex- ships outward bound.

The Trnitors Convention at Nashville : The Argus of yesterday evening alluding !

A centleman who was in Nashville when this raitorous cabal convened (having arrived there on his way to this city from a northern military ison) and listened to the treasonable harangue orms us that so far from any exhibition of the wild enthusiasm" and bearty cheering so the- tirical. atrically displayed in the report of Andy Johnson's organ, and the "immense crowd" so exultingly alluded to, the meeting was rather slimly attended, few being present save the creatures of Not a word of approval, nor a cheer, issu from the lips of a Tennesseean, other than the of the renegades whose names appear in th proceedings. The few respectable citizens who came from brutal, uniformed apologies for soldiers, drawn from the lager-beer saloons and gutters of St. Louis, Chicago and Milwauker At intervals they shouted, and declared that Tennessee should return to the "Union," but the people found nothing in the harangues to awaken a responsive chord in their breasts. was a puerile, puny effort to do something, which utterly failed, and left exposed the carcass of Unionism in Tennessee more rotten, and often are white.

athsome than before DESPOTISM AT THE NORTH-THREATENED New York Leader we copy the following : PERSONAL .- I have been informed by tel graph, as the Leader goes to press, that it is the tion of Secretary Stanton to prevent the

transit of this paper through the mails. Secre tary Stanton holds that unfavorable criticism upon his conduct of the War Department is calulated to weaken the administration and exer else an insubordinate influence in the army. I Secretary Stanton cannot submit to criticism. and supposes that he is an omnipotent power above and beyond public opinion. I think he is speedily destined to be disabused of this arrogant fallacy.

that may be adopted, and rejoice in the opportu-nity which they will afford to vindicate the freelom of the press from official tyranny, ever though it may come from so overbearing and eckless a source as Secretary Stautou. JOHN CLANCY.
